

Dear Families,

Ahoy Me Hearties!!

Welcome to Week 2 of the Summer Term 2020. I hope you had a good weekend and are ready for a new week of fun and learning. The Week 2 Home-Learning Guidance has now been added to the Reception Page on our school website. Scroll to the bottom of the page to find the links. I will also be adding other resources and information throughout the week so please keep checking back for updates.

It is lovely to see the photos of the children learning and having fun. They all seem to have grown so much since I last saw them! Please do keep emailing and uploading to EExAT, I love to keep in contact with you as best I can.

This week's maths and literacy activities are based on the books 'The Night Pirates' and 'Troll'. Don't worry if you haven't got the books in your home, I have included links to clips where the stories are read aloud on YouTube. As last week, I have tried to make these activities fairly general and easy to access without the need to create too many extra resources at home and on the home-based learning guidance I have attached a link to Twinkl that can offer you extra activities that are based on the Pirates theme, should you wish to get different ideas or further activities.

If anyone is getting to the stage of needing a new home-based learning book, I have left a pile in the reception area, opposite Mrs. Shorto's office. The main entrance door is open from 9.00a.m. till 3.00 a.m. each school day. Just pop in and grab one whilst you're out during your designated time outdoors.

Of course, I am always available on my work email for any families that need support or questions answered that are more pertinent to their own child's learning and I am happy to send out specific learning advice to those families that request this. The feedback I have had is that, generally, it is quite helpful.

If anyone wishes to contact me this way the address is: k.couriard@stpeter.sch.je

I am hoping to have made contact with all our Reception families this week so, please, if you haven't already replied to your email, please do.

Mrs. Hart, one of our fabulous ELSA team (Emotional Literacy Support) has been in touch and is keen to offer her support if your child is experiencing any concerns or is feeling anxious about the current situation and the coming weeks. She is happy to contact you by email or phone call and can also post resources to your home if you feel this is something that would be of benefit to your child and your family. Please let me know if you are interested and I will pass on your details to Mrs. Hart.

You know where I am if you need me, I am here to support as best I can. Have a good week.

Take Care, Stay Safe, Stay Happy!

Kay Couriard
