

## Useful website links

Here are some websites that we have used in school or may be useful to you at home. Please do your best to ensure that your child or children get a mix of activities, and whilst there are lots of great things on the internet, I would not encourage them to be spending long periods of time on the computer. Please also remember to closely supervise your child whilst they are on the internet – it is very easy to come across inappropriate material simply by misspelling something in Google or clicking on links on websites.
